Subject: Friends of Wendell Mosby – ID# 22944

Dear Mike,

We spoke on the phone regarding the matter of my name being added to the Friends of Wendell Mosby without my permission. You explained that I was added as the Chairman of the committee on March 11, 2011. As I explained I was running for office at the same time and had no time to work on anyone's committee or election, but my one election. I never gave permission for my name to be added to Friends for Wendell Committee. I never attend any meetings or fundraiser events for this committee. I have no idea of what was raised or who participated on the committee for that matter. The first time I learned that my name was even associated with the committee was when I received one of the letter talking about report filing. I gave the letter to Wendell and was told he would take care of the matter. After finding the December letter I realized that Wendell never took care of the situation, which is what prompted me to phone your office to determine what could done about the matter. You explained that I simply had to send a letter explaining the situation.

I, Belinda A Mosby have not nor have I ever served on the Friends for Wendell Mosby Committee.

Sincerely,

Belinda A. Mosby
